

Hello,

We are all committed to the highest level of COVID compliance and to your health and safety while you participate at the 2021 JAM FOR JUSTICE on Wednesday, September 8th.

Thus, we are requiring that all participants be vaccinated to attend this year's event, and we are using SafeSpaces technology to track verification of vaccination records. Please follow these steps:

1. Please download the "SafeSet Member" app from the [App Store or Google Play Store](#), or go to <https://member.safeset.app>, to register your mobile device in our system.

2. When prompted enter in this Invite Code: LAMJAM
3. Once you have registered, please upload your vaccine card. You will do this by navigating to My Profile -> Upload Documents. You will be able to select Vaccination Record from the dropdown menu and upload your record in JPEG, PNG, or PDF format. **Please upload your vaccine card no later than Wednesday, September 1st so we may validate your record before the event.** As a reminder, fully vaccinated means your last shot was August 24th or earlier.

In addition, on the event day, you'll be required to complete a short health questionnaire. You will find this by navigating to the "Questionnaire" button on the app. We encourage you to complete this before heading to the venue to allow for a quicker check-in process.

Upon arrival at the event, you will navigate to the "Check-in" box on the app. Upon clicking this, a QR code will generate, which you'll present to the check-in desk to scan for entry. **Due to the service/cell reception at the venue, we encourage you to pull this QR code up on your app in advance for a more seamless experience.**

Thank you for your timely attention to this process. If you have any questions or run into trouble, please do not hesitate to contact Safe Haus at support@safehausgroup.com or text them at +1 202 519 9512.

Be safe and well,
Legal Aid of Marin
